

S-Pak™ Membranes

An easy to use membrane filter

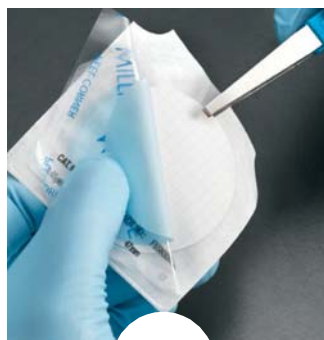

To ensure maximum productivity and efficiency, each individually packed S-Pak™ membrane is protected with a blue sheet of paper that keeps the membrane from coming into contact with the film. This protective sheet prevents the migration of any adhesive.

S-Pak™ Membrane Advantages

- Individually packed
- Sterile
- Ready to use
- Easy to use
- No hydrophobic spots
- No toxicity
- Better recoveries

Easy to use and manipulate with gloved hands

Utilizing sterile forceps, peel back the film and separate the blue paper from the membrane. Remove the membrane with the forceps

or

Place the membrane and blue paper on a wet filtration support. When wet, the blue paper curls enabling you to easily remove it using your forceps.

Ordering Information

S-Pak™ Membrane Filters: 600 (4 boxes of 150 membranes)

Pore Size (µm)	Filter Diameter	Filter Color	Catalogue #
0.22	47	white	GSWG047S6
